I. The CFI Project: Vocabulary

- We focused on the vocabulary project, thinking about how we can use the baseline assessment and subsequent assessments in this project.
- We will continue to emphasize data-driven instruction. The involved teacher will create lessons based on the data he receives. We will be available to him to help with data interpretation if this assistance is needed.

II. Cross-curricular Work

- We mentioned our efforts in the Yellow Sheet with the Cross-curricular Connection section and reflected on these.
- We discussed how the Teacher Expertise Grid and Curricular Calendar are ambitious projects that should be pursued once more Teacher Teams have been established.
