Spring 2010 Programming Letter

Dear Students,

Please carefully review your spring program and all course assignments. This program lists the classes for which you have been registered as well as corresponding periods, rooms, and teachers. Almost all programs have been annualized, so unless you had previously asked for a program change, your schedule this semester should be the same as the previous one. You will recall that program change request forms were submitted in December, and meetings with guidance counselors took place at the beginning of January; therefore, after February 2, there will be no other period during which program changes can be made.

Your schedule might have been modified slightly due to the following changes at the end of the semester:

- Small classes had to be consolidated; therefore, some of you will see minor adjustments in your schedule involving lunch, gym, or some studio electives. For clarification, come to Room 261.
- If your math level had previously needed to be adjusted, your gym or lunch may have been switched to a different period to accommodate this change. If you have any questions about your mathematics class, please speak with Ms. Helfgott in Room 527.
- Some of your teachers may have changed due to maternity leave and other last-minute teacher schedule modifications.

As always, you can find the most updated information about programming at the Program Office Web Site at laguardiaartsprogramoffice.org.

Sincerely,

A handwritten signature in blue ink that reads 'L. v. Keulen'.

Laura van Keulen, AP Data & Technology
