Dear Student,

You will receive the latest version of your schedule along with this letter. Please be aware that we completed requested changes when possible and have worked to give you the program that best meets your needs.

Please follow this new schedule immediately.

**Be aware that your program may have changed in the following ways even if you did not ask for modifications:**

- Your lunch room may have been changed so that you can eat with students in your age group in either the Fifth or Seventh Floor Cafeteria.
- If you have third period Gym fewer than five days per week, you *must* go to the Fifth Floor Cafeteria on the days when you do not have class. **Your attendance will be taken at this time.**
- All block codes were dropped from your schedule. These codes include Z1, Z2, Z3, and Z4. We use these blocks for programming purposes only. Please come to school on time for your first class and leave after your final course ends.
- In a few instances, programs were changed because of regulations concerning class size that necessitated the equalization of courses. If these rules affected you, you should have received a letter in your third period class explaining that equalization is the balancing of the number of students among all classes in a specific course in order to avoid oversized classes.
- If a code appears on your schedule that starts with "G," such as GSPR, please go to the room printed on your program. We are taking attendance for this class as well.

Sincerely,

Laura van Keulen, AP Data & Technology
